

FAS Report Writer

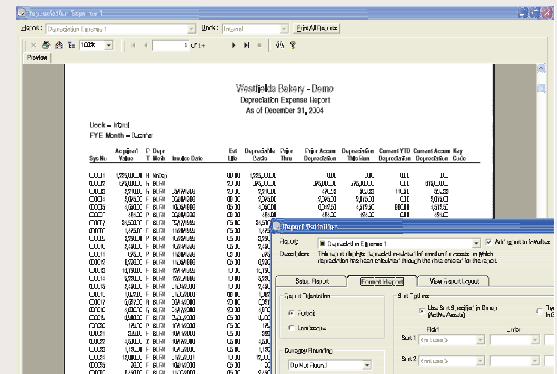

FAS Report Writer gives you total control over the format, appearance, and context of all your depreciation and fixed asset management reports, allowing you to create professional, custom reports instantly, to save and reuse whenever you wish. FAS Report Writer's Customized Standard Reports feature even allows you to make edits to the built-in reports with minimal effort and without having to learn a complex reporting tool. What's more, you can share fixed asset data with other programs using in PDF, ASCII, HTML, XML, and other popular formats. Enjoy custom reports and data integration—all in one easy-to-use, point-and-click system.

Total flexibility with unlimited reporting possibilities.

- Customized Standard Reports feature allows for easy modification of built-in reports without having to learn a complex technology
- Handle large volumes of data in a single report
- Favorite Reports feature allows you to create a list of frequently-used reports for easy access
- Choose the range of assets you want to include in your report—even specify a wildcard
- Determine the way you want to subtotal and group the data in your reports—you'll have an unlimited number of sorts and subtotals
- Create an unlimited number of calculated columns based on other fields and columns, or on your own custom formula
- Use visuals to make your fixed asset data stand out, create graphs using your data, or copy and paste existing graphics
- Export data to Excel®, Word, Adobe® Acrobat®, ASCII files, Crystal Reports®, HTML, XML, and more

- Save report definitions to use for future reports or share with other users, saving hours of valuable time
- Enjoy unlimited possibilities for any type of report including Consolidated, Summary, Asset Insurance, Foreign Currency, and more
- Easily edit report headers and footers and instantly see a preview of your report prior to finalizing it

With easy-to-use features, FAS Report Writer allows you to completely customize any report or create your own, tailored to the needs of your organization.

FAS Report Writer is the perfect solution to extend the built-in reporting functionality of any Sage FAS 100 product and is included in all Sage FAS 500 solutions.
